Team ID	
Project Name	Nutrition Assistant
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Use this template to record your team's ideas and prioritize them before development begins.

Step 1: Team Gathering & Problem Statement

The team reviewed the customer problem statements (PS-1 and PS-2) and agreed to focus the brainstorm on: "How might we help health-conscious users track their nutrition, water intake and goals in one connected, easy-to-use platform?"

Step 2: Idea Listing & Grouping

Ideas generated during the session, grouped by feature area:

- Calculators — BMI Calculator, Calorie (BMR/TDEE) Calculator with goal-based targets
- Tracking — Daily food logger with per-meal macro breakdown, water intake logger with reminders
- Dashboard — Weekly trend charts, BMI/goal summary, dynamic recommendations based on user goal
- Content — Recipe explorer with search/filter, favorites, meal planner
- AI Assistance — Conversational AI Nutrition Chatbot for diet questions and recipe suggestions
- Administration — Admin dashboard for managing users and curating system food/recipe data
- Personalization — Dark mode, unit system (metric/imperial), configurable reminder intervals
- Future scope — Wearable device sync, push/email notifications, premium AI meal plans

Step 3: Idea Prioritization

Idea	Importance	Feasibility	Decision
BMI & BMR/TDEE Calculators	High	High	Build – Sprint 2
Daily food & water tracker with auto-computed totals	High	High	Build – Sprint 2
Dashboard with weekly trends & recommendations	High	Medium	Build – Sprint 2/4
Recipe explorer, search & favorites	Medium	High	Build – Sprint 3
Meal planner	Medium	Medium	Build – Sprint 3
AI Nutrition Chatbot	High	Medium	Build – Sprint 3
Admin panel for user & food/recipe moderation	Medium	High	Build – Sprint 4
Dark mode & configurable settings	Low	High	Build – Sprint 4

Idea	Importance	Feasibility	Decision
Wearable device sync & push notifications	High	Low	Parked – Future scope
