Customer Problem Statement Template

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	a health-conscious individual trying to manage my diet	track my daily calories, macros and water intake accurately	I can't tell how many calories or how much water I actually need	nutrition calculators, food logging and expert guidance all live in separate, disconnected tools	overwhelmed and likely to give up on my health goals
PS-2	someone trying to lose weight, gain weight or manage a specific diet preference	get a meal plan and nutrition advice tailored to my body, goals, allergies and medical conditions	generic diet advice online doesn't account for my personal profile	most free tools don't personalize recommendations or answer nutrition questions instantly	frustrated and unsure whether I'm making the right food choices
